

Hon. Blanca E. Rubio
Assembly Member District 48
100 North Barranca St., Suite 895
West Covina, CA 91791

Dear Hon. Blanca Rubio,

The bearer of this letter, Cavan Argila, is an intellectually disabled Deaf man. Cavan is requesting your assistance to have his conservatorship by the state of California's Department of Developmental Services (DDS) terminated.

The Department of Developmental Services became Cavan's conservator in June 2021 under questionable circumstances. Cavan was 40 years old at the time.

Cavan wishes to have his family provide for his care. Cavan has made numerous attempts to terminate DDS's conservatorship without success.

Please consider that Cavan lived without DDS conservatorship for the first 40 years of his life. Please consider that placing a disabled person under conservatorship without that person's consent raises serious questions about personal autonomy.

Can you help Cavan?
